

Centre for Medical Biotechnology & IPR Cell
Maharshi Dayanand University Rohtak-124001 Haryana

International Workshop on “INTELLECTUAL PROPERTY RIGHTS”

February 11, 2019

Venue: IHTM Conference Hall

About the Workshop

Centre for Medical Biotechnology in collaboration with IPR Cell, MDU is organizing one day International Workshop on “Intellectual Property Rights”. This workshop is planned to sensitize students, researchers and faculty members about their rights in research and innovation. It will promote novelty, innovation and creativity as well as it will discourage plagiarism, infringement in the Intellectual property of others intentionally or unintentionally. Eminent experts in the field of IPR have been invited to share their experiences with the delegates. In the post lunch session, patent searching, patent filing and troubleshooting related to any IPR problem will be discussed.

Registration fee- 300/-

About the University

Maharshi Dayanand University, Rohtak was established in 1976 as a residential University with the objective to promote inter-disciplinary higher education and research with special emphasis on studies of environmental, ecological and life sciences. The university is making rapid progress to emerge as a leading educational institution of the nation. Now it is a teaching-cum-affiliating university with a formidable track record in academics, research, literacy, cultural activities, and sports. Currently, there are 38 Post-Graduate Departments and 11 Faculties in the University. The Directorate of Distance Education is providing quality education to the students with its traditional UG/ PG courses as well as Information Technology and Management programmes. Excellent standards of teaching and research, well-qualified faculty members, effective administrative functioning, congenial academic environment, pulsating campus life, key national and international linkages, timely holding of examinations and time-bound declaration of results, ample avenues for holistic development of personality of the students, a community-service approach etc. are the salient features of the University.

About the Centre: Centre for Medical Biotechnology is sponsored by Department of Biotechnology (DBT), Government of India. The centre offers Masters programme in Medical Biotechnology and Ph.D programme in related field. M.Sc. students are admitted through national level CEEB test conducted by JNU, New Delhi and State level centralized test. The centre has its state-of-the-art infrastructure and laboratory facilities. The faculty members are well trained in their respective field of research. The Centre aims to produce quality manpower in the field of medical biotechnology.

About IPR Cell: The IPR Cell of Maharshi Dayanand University has been established to specifically manage and coordinate the activities associated with the commercialization of research which will help the University to retain intellectual property and appropriate licensing revenues from interested partners. The aim of the IPR cell is to cater the protection of the invention created by the researcher(s) of the University.
