to think for themselves, think about future perspectives, and will help them make a calculated decision based on learning, literacy, and various life skills. And last, but not least it will reduce the burden and stress of the students. Earlier, students used to fear examinations, now they will enjoy giving these papers.

Finally, I would like to suggest that we should shift our focus to analytical learning for our students from primary schools and develop critical thinking ability from the tender age and give India a better future.
