DADU MAJRA WASTE PROCESSING PLANT

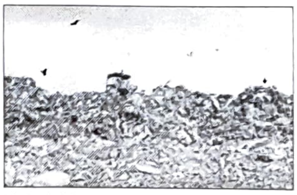
MC goes against expert recommendations, floats tenders for repairs worth Rs 6.33 cr

MINA ROHTAKI
CHANDIGARH, FEBRUARY 17

EVEN AS there were strong recommendations by experts that the machinery at the existing waste plant at Dadu Majra is beyond repair and will not be able to process much, the Chandigarh civic body went ahead with floating a tender for the upgradation and repair of the plant at a cost of Rs 6.33 Crore.

The civic body floated the tender for Rs 2.6 Crore towards repair of the machinery and Rs 3.72 Crore for operation and maintenance of plant for one year. Experts from National Institute of Technical Teachers Training and Research (NITTTR) as well as IIT Roorkee had recommended that the machinery is beyond repair and if repaired, would be able to process only a maximum of 60 to 65 tonnes a day. However, the MC went ahead with the repairs and said it will be able to process 200 tonnes a day.

The agenda of repair of the plant for Rs 6.33 Crore was passed in a hurry by the councillors in the General House, in January. The Aam Aadmi Party and Congress protested, which led to chaos in the House.



The civic body has chosen to ignore NITTTR's suggestions and has opted to repair the machinery. *File*

WHAT THE EXPERTS SAID

After the Municipal Corporation had taken over the operations of the plant, the then MC Commissioner KK Yadav had asked NITTTR to inspect, asses the working of the plant and submit a report whether the plant machinery can be repaired.

As per the recommendations made by the NITTTR, the municipal solid waste processing facility at Dadu Majra requires a complete replacement of the machinery with new technology to operate efficiently.

On the status of the machinery at the plant, the report had said, "Most of the machinery installed is in a dilapidated or non-working condition, and cannot take full load to treat solid waste. Working machinery is old and needs complete replacement. The machinery breaks down after two hours of working and needs to be restarted."

It was also specified that major parts are damaged. "Maintenance has not been carried out at the plant for many years because of which major parts of the machines are damaged and need to be replaced entirely," the NITTTR experts had stated.

While Municipal Corporation mentions that with the repairs, it will be able to process 200 tonnes per day, IIT Roorkee, after a study, had stated that after the repair or maintenance of the existing machinery, the plant would be able to at best handle 60 to 65 TPD and if the civic body wants 200 TPD, it will have to get in additional new equipment.

IIT Roorkee had visited the plant on July 9 and submitted a report that said, "Overall, it is observed that the plant was constructed in 2008 as per the MSW 2000 guidelines. Now it is mandatory to follow the SWM 2016 Rules, which require segregated waste collection and processing. The best way is to set up a new modern 500 TPD plant for dry and wet waste treatment. For dry or mixed waste, even after repair/maintenance of the existing machinery, shredder, trommels, etc., the existing plant will at best handle 60 to 65 TPD. Hence, if the corporation expects the plant to treat 200 TPD (40 per cent of 500 TPD), additional new equipment will be required and in case fully functional 500 TPD plant is required as per the SWM Rule 2016, then budgetary allocation towards Cap and Opex of the MSW treatment is required as per the SWM Rule 2016."

WHAT THE MC SAYS IT WILL DO WITH RS 6.33 CR

The MC officials said that in the budget, they will repair the primary shredder, trommel, cyclone dust collector, ID fan in dryer, rotary dryer, hot air generator, ballistic separator, trommel in wet waste and ETP plant. They said there will also be a replacement of conveyor belts, rollers, motors and the gear box.

"One secondary shredder is being replaced along with repair of other machinery. Due to defunct machinery, the plant does not work properly. With the upgradation of this plant, we shall be able to process all the dry waste (approx 200TPD) being generated in the city. This shall put a stop to waste going to the dumpsite. We shall also be floating the tender for the legacy waste bio-remediation and the Expression of Interest for the new waste plant, in the next fortnight," a senior official of the Chandigarh Municipal Corporation said.

The Garbage Processing Plant in Sector 25 (W) of Chandigarh was set up in 2008 and was being operated by JayPee Associates. The possession of the plant was taken over by the Municipal Corporation Chandigarh in June 2020, following which the survey of the machinery installed in the plant was conducted by IIT Roorkee.

Before the Chandigarh Municipal polls, the General House held a special meeting wherein it was specified that only a technology would help. Following the same, the waste to energy plant was approved. BJP councillors have in previous years been vocal about the defunct and obsolete machinery at the waste processing plant and now the repair of the same has been approved and given the go ahead.

In July 2021's special House meeting about waste processing plant, officers had stated that about 550 metric tonnes of waste is generated daily in Chandigarh, of which merely 12 per cent was being processed, a reason why a new technology to have waste to energy plant was approved.

In the meeting, Joint Commissioner Saurabh Arora said that even if the civic body runs the machinery to its maximum limit, which is up to 14 hours a day, only 70 MT of waste will be processed.

He had stated, "I have studied it thoroughly and even if we run it for 14 hours a day, we are not able to process more than 70 MT. We do not understand how the Jaypee group claimed that the plant was processing up to 300 MT, because practically we cannot see that." Of the waste generated daily, dry waste component is about 200 MT and kitchen waste or wet waste is about 150 to 175 MT. Meanwhile, about 75 to 100 MT of the total waste is mixed and about 125 to 150 MT is horticulture waste.

Sector 26 robbery bid: Police arrest four

EXPRESS NEWS SERVICE
CHANDIGARH, FEBRUARY 17

The robbery bid was foiled when two police personnel attached with a woman DSP on night patrolling had spotted them while committing the crime. The suspects managed to escape but abadoned the stolen vehicle after hitting a road divider

FOUR PEOPLE including a convict were arrested in connection with robbery bid with two brothers going to Grain Market, Sector 26.

They were arrested from near Rally Ground, Sector 25. Police said that they were identified as Monu alias Maroli of Sector 25, Pardeep alias Naggad and Sunny of Sector 25 and Vinod alias Lala of village Faida.

Police said accused Monu has been convicted in at least eight cases. Three stolen cars were also recovered from their possession. Police said that the accused used to commit the robberies in late night and early morning hours while riding in stolen cars.

"The four accused were arrested through human intelligence. Stolen vehicles were recovered from their possession. They were involved in the robbery reported recently at Sector 19-27 dividing road with two brothers in an auto going to purchase vegetables from Grain Market, Sector 26. Earlier, the accused had committed a robbery in our area also," SHO PS 11, Inspector Ranjodh Singh, said.

The four men riding in a stolen car had tried to rob two brothers going to Grain Market, Sector 26, at the dividing road Sector 19-27 around 4:30am on Monday. The car, Hyundai Getz, was stolen from the village Kishangarh.

The robbery bid was foiled when two police personnel attached with a woman DSP on night patrolling had spotted them while committing the crime.

The suspects managed to escape, but abandoned the stolen car after hitting a road divider near Sector 22.

Frequent shifts impact acred bond between atients and doctors'

PRESS NEWS SERVICE
ANDIGARH, FEBRUARY 17

YS AFTER the Chandigarh lth secretary ordered the repa- tion of doctors in deputation, ny employees argued that the t of doctors may impact the cred bond between patients l doctors."

The employees under 'Joint ion Committee' said that the SH-16 has progressed over the rs and many doctors have n working there for years.

Even as the repatriation is of tors, the representatives of the ses union, Chandigarh para- lical & technical employees on, class IV union and sweeper on held a meeting on the hos- l premises.

A statement released by the mittee read, "There is strong ntiment among us employees arding the policy of sending ior doctors back to the state as ill be a setback for patients. PG dents and the residents of ndigarh. Our hospital is now a ltispeciality hospital and we providing quality medical services to the public."

"While the term 'deputation' was used, no doctor is getting any deputation allowance. The Sector 16 hospital has progressed over the years from a general hospital to a multispeciality hospital. At present, postgraduate teaching is being conducted in all the specialities," the statement further said.

The union emphasised the impact of the move on patients, saying that the "frequent shifting of doctor over a short period will impact sacred bond between patients and doctors."

CRACKDOWN ON DEPUTATION OF DOCTORS

In the first-ever crackdown against deputation of doctors, the Chandigarh Health Secretary had deemed the practice a "gross violation of instructions" and ordered the repatriation of the doctors to the parent state in a phased manner. Some of the doctors have worked for more than 20 years.

Over 112 doctors who have been on deputation in Chandigarh from Punjab and Haryana, had sought another extension from the Chandigarh Administration.

Two manufacturing counterfeit products nabbed in Panchkula, factory busted

EXPRESS NEWS SERVICE
PANCHKULA, FEBRUARY 17

A FACTORY allegedly manufacturing and selling counterfeit products of popular household items like Harpic Toilet Cleaner, Dettol Soap, and Tata Salt, among others, was busted by the Panchkula police on Thursday. At least two were arrested in the case by the police.

The accused have been identified as Vicky and Joginder. While the former was the factory manager, the latter was a salesman.

SHO Chandimandir police station, Inspector Lalit Kumar said that they received a complaint in this regard on which they acted and, subsequently, a raid was conducted at the factory in Beer Ghaggar village in Chandimandir on Wednesday.

Finished goods and raw material in large quantities were recovered from the factory, he said, adding that the two accused were arrested from the spot.

Among the counterfeit products, the police recovered 182 empty wrappers and 374 filled packets of Tata Salt, 180 empty bottles and filled 525 bottles of Harpic Toilet Cleaner, 500 Dettol Soaps, 300 empty bottles, and 177 filled bottles of Dabur Gulab Jal. A sealing machine has also been seized by the police.

According to the police, the suspects were preparing fake products and selling these in the market under the name of reputed brands. A case in this regard was registered under the relevant sections of the Copyright Act.

For safer work conditions, Haryana's electricity board to hold statewide protest

EXPRESS NEWS SERVICE
PANCHKULA, FEBRUARY 17

MEMBERS OF the Haryana State Electricity Board (HSEB) workers union came to the roads on Thursday, demanding the state government to improve their safety during work.

During the protest, Sunil Khatana, the State General Secretary of the organisation said, "In order to provide better electrical facilities to the consumers of Haryana, electricity workers remain engaged day and night despite the high risks to our lives due to limited resources. Inspite of this, the employees are being provided with no help from the state government and the management."

Union members in Panchkula on Thursday. *Jaipal Singh*

They have alleged that the government has turned a deaf ear to their demands, which had earlier been promised to be implemented. "From time to time, the HSEB Workers Union has kept the problems of the employees in front of the management and the Haryana government but to no avail. We will show our anger in a statewide protest against the dictatorial attitude of the government which had, before coming to power, promised to fulfil our demands," said Devi Prasad Bhatt, the union's chief statespokesperson.

The union has now announced a statewide strike-protest, to be held on February 22 infront of sector 5 Shakti Bhawan in Panchkula.

on Kundli-Manesar-Palwal (KMP) and Kundli-Ghaziabad-Palwal (KGP) expressways in which 16 people lost their lives under the three police station areas in Sonepat district.

The KGP and KMP were made operational in 2018 and several major accidents were reported on the both expressways in which many people lost their lives.

As per records, some major accidents reported on KMP-KGP expressways are: Nine persons died in an accident on KMP near Badli village in Jhajjar district on October 22, 2021. Seven persons also sustained injuries when they stopped their vehicle to help the accident victims. On November 3, 2020, five people died and 11 sustained

Sonepat ... 2018, six persons died in accident near Chandhut in Palwal district. Three persons died near Manoli village on June 8, 2018.

A long stretch of KGP and KMP lies in the jurisdiction of three police stations Rai, Kundli and Kharkhoda of the district.

As per the details available, a total of 37 accident cases were registered in Rai police station in 2021. Of these, three cases were fatal and two were non-fatal. In January 2022, three cases were registered, but no casualty was reported.

As many as 28 accident cases were registered in Kundli police station last year. Of these, four cases were fatal and three cases were report-

High Court to hear plea against furlough today

CHANDIGARH, FEBRUARY 17

A petition challenging the Dera Sacha Sauda chief Gurmeet Ram Rahim Singh's release on furlough by the state government will come up for hearing before the Punjab and Haryana High Court on Friday. Among other things, it has been contended before the HC that Ram Rahim has been released in view of the Assembly elections in Punjab.

"His release at this stage is against the spirit of fair assembly elections," it has been added. The petition has been listed for hearing before the High Court Bench of Justice BS Walia. In his petition against the State of Haryana and other respondents, Patiala district resident Paramjit Singh Saholi has added that that Ram Rahim, who committed "heinous crimes and has been convicted" ought not to have been granted furlough.

"There is no justified reason to grant furlough to an individual like Ram Rahim

and that too during the election days in the State of Punjab. There is every likelihood that Ram Rahim will foment issues/troubles in the State of Punjab and adversely impact its local populace along with his supporters," he has added.

Describing himself as the "Quami president of Akali Dal Sawtantar", the petitioner has sought the setting aside/quashing of the order, vide which Ram Rahim, lodged in Sunaria jail, has been ordered to be released on furlough by the Haryana government, "especially when the assembly elections in Punjab are scheduled for February 20". — TNS
