Date:- 02.07.2022

To

The Director

UCC

MDU Rohtak

Subject: - Request to upload the advertisement for recruitment of various teaching and non-teaching Staff and approval thereof.

Dear Sir

Kindly refer to subject cited above. We have published an advertisement to invite the application for eligible candidate for the appointment of teaching and non-teaching staff and approval thereof at B M College of Education Farrukhnagar, Gurugram in following three News Papers as per the MDU Rohtak norms.

1. The Times of India(English) on 29.06.2022
2. Amar Ujala (Hindi) on 29.06.2022
3. Nav Bharat Times (Hindi) on 30.06.2022

Please find the attached herewith the duly attested copies of the three advertisement in News Papers. You are requested to upload all copies of advertisement newspapers on university website and do the needful accordingly.

Thanking you

Babulal Sharma

Delhi districts on the up on school index

7 Score Between 71% And 80% Against 2 Earlier

EVALUATING PERFORMANCE

HOW DELHI FARED

District	Rank	2019-20 score
New Delhi	1st	78.5
North	2nd	76.5
West	3rd	76.0
South	4th	75.5
East	5th	75.0
South West	6th	74.5
North West	7th	74.0
North East	8th	73.5
South East	9th	73.0

It is under the 'optimum' category, which includes learning, quality, access, teacher availability and professional development, that most of the districts have scored low. However, seven districts that moved up from 'Uttam' to 'Ahi Uttam' category have improved in the outcome, governance processes and effective classroom interactions (ECT). For instance, New Delhi district's score in the outcome category jumped from 57 in 2019-20 to 84.5 in 2021-22, with its overall score moving up from 206 to 240.

The report covers the 2019-20 and 2020-21 academic years and provides insights on the status of school education in states and UTs, including key levels of performance and critical areas. The structure comprises total percentage of 600 points across 31 indicators grouped under six categories: outcomes, effective classroom interactions, infrastructure facilities and student well-being, school safety and child protection, digital learning and governance processes. There are further divided into 12 areas.

Each district has been ranked based on score of 0% to 100% (above, below, 40-60% of 600).

From metro to rlys to buses, Anand Vihar RRTS stn will serve as a link to all modes

Siddhartha Ray @Timesgroup.com

New Delhi: The Anand Vihar station, which will be the first stop in the regional capital for those travelling from UP on the 60-km-long Delhi-Meerut Regional Rapid Transit System (RRTS) corridor, is being built as a way in which metro serves as a link between the existing modes of transport at the hub that include a railway station, inter-city bus services, and Delhi Metro stations.

A spokesperson of National Capital Region Transport Corporation (NCRTC), which is executing the project, said multi-modal integration (MDMI) is the core design concept of the upcoming Anand Vihar RRTS station, which is being built underground.

"Commuters travelling from this station will be able to reach Meerut in less than an hour by RRTS train services and inter-city bus services will also be available for the last-mile connectivity in Delhi," he said.

He added that the station's layout has been planned in a way that it facilitates a NDMI among the six modes of public transport operational in the area - Anand Vihar RRTS, UP State Road Transport Corporation bus stand at Okhla, and bus stands from where local DTC and Cluster Scheme buses are available.

The two Metro stations at Anand Vihar on Pink and Blue Lines (Dwarka-Vaishali) will be about 20 metres from the RRTS station and the Anand Vihar Railway Station will be 200 metres away.

SEAMLESS INTEGRATION

Seamless Integration
 297 metres Length of Anand Vihar RRTS Station
 35 metres Width of the station
 16 metres Depth of station
 Planned earlier

31 No. of elevators
 51 No. of escalators: two will connect directly to Delhi Metro stations.
 6 different modes of transport operational at Anand Vihar
 2 km (Length of tunnel connecting Anand Vihar to Sarabhai)
 82 km (Length of the Delhi-Meerut RRTS corridor)

Proximity with other modes of transport
 50 metres | Delhi Metro (Blue and Pink Line)
 100 metres | UPSRTC inter-city bus stand, Karolmali
 150 metres | Anand Vihar DTC
 150 metres | DTC bus stand
 200 metres | Anand Vihar Railway Station

FEATURES

- Multi-modal integration is the core design concept of the underground Anand Vihar RRTS Station.
- One entrance of station will be towards Chaudhary Charan Singh Marg and the other towards Anand Vihar Railway Station.
- Foot overbridge connecting the Delhi Metro station to Chaudhary Charan Singh Marg will be made with the RRTS station through elevators, escalators and stairs.
- Station to be accessible for all with provisions for dedicated parking for the differently-abled, special automatic fare collection gates and wide aisles for the differently-abled commuters that can accommodate wheelchairs and stretchers.

NCRTC SPOKESPERSON

Commuters travelling from this station will be able to reach Meerut in less than an hour by RRTS train.

NCRTC has to deal with many complexities related to construction and civil engineering, he added.

He said initially the Anand Vihar RRTS station was to be constructed at a depth of 15 metres, with the earth-shaking problem.

He said RRTS stations are planned in a way that they are connected to the existing modes of public transport and are built as close as possible to them.

However, this would have meant providing subways and additional elevators, stairs and escalators to connect to other modes of transport and would have still meant more walking and climbing of stairs for passengers. It also would have meant the huge deep zone the huge zone of money and public transport infrastructure.

Therefore, NCRTC re-evaluated its station depth and reduced it to 16 metres and shifted the entrance to the ground level, he said.

July 13. Currently, CoA is affiliated with Delhi University (DU), which has still not given its nod for de-affiliation. In March last year, Delhi government had announced that CoA would be affiliated with AU as the college was facing various problems but a DU panel had rejected the decision.

Due to the de-link of the de-affiliation matter, no admissions took place in CoA in the last academic session. However, following approval from the Delhi government this year, AU had begun the admission process.

A senior DU official said: "While AU is conducting the admissions for CoA, we are still waiting for the matter to come up before the Delhi government council. The council has not approved CoA's de-affiliation from the university and we stand by it. Depending on what happens before the council, we will decide the future course of action. If it goes in our favour, then the students will be transferred to the university."

Earlier, the move to de-affiliate CoA from DU had been rejected by the Delhi university and its teachers.

White exams for the fifth-semester students are scheduled to begin from November 30, classes for the batch will be over on November 16.

LG writes to Del CM: Permission to probe 'services' matter

New Delhi: Days after deputy chief minister Manoj Sinha accused Haryana government Vik Saxena of "bulldozing the law" by granting permission to the state-owned Punjab State Power Corporation Ltd (PSPC) to investigate corruption in awarding tenders for the construction of a temporary COVID-19 hospital, the LG on Tuesday reported that it was "bulldozing the law" by granting permission to the state-owned PSPC to investigate corruption in awarding tenders for the construction of a temporary COVID-19 hospital.

In a letter to chief minister Manoj Sinha, the LG reported that it was "bulldozing the law" by granting permission to the state-owned PSPC to investigate corruption in awarding tenders for the construction of a temporary COVID-19 hospital.

The LG also reported that it was "bulldozing the law" by granting permission to the state-owned PSPC to investigate corruption in awarding tenders for the construction of a temporary COVID-19 hospital.

He said he expected "cooperation in this endeavour".

"In the interest of good governance, I would further urge you to advise your ministers to refrain from such unproductive and obstructive activities which are both misleading and obstructive in nature," said the LG.

Referring to a letter written to him by Saxena on June 28, Saxena said granting permission to PSPC was a "services" matter which fell outside the jurisdiction of the elected government.

Saxena wrote to the LG after the latter gave a go-ahead to investigate charges of irregularities against a senior PSPC engineer and a retired engineer in awarding tenders for the construction of the seven temporary hospitals in a single day and jacking up the cost from Rs 1.26 crore to Rs 1.26 crore after getting approval from the state government.

"It is both sad and surprising to note that vide your letter to the chief minister, he has made a formal and legally incorrect statement on the subject matter while unnecessarily polluting a desirable administrative action," the LG said.

Explaining his legal position, the LG said Delhi High Court on August 4, 2020, had ordered that the matter of "services" fall outside the purview of the elected government. "This judgment will hold the field as the civil appeal filed by the elected government before the Constitution Bench of Supreme Court," Saxena pointed out.
