

AICTE ATAL Sponsored FDP on Artificial Intelligence and Robotics Concludes with Practical Session and Valedictory Ceremony

Rohtak, Haryana, India – December 2, 2023 – The AICTE ATAL sponsored Faculty Development Programme (FDP) on Artificial Intelligence and Robotics culminated today with a practical session and valedictory ceremony held at UIET MDU Rohtak. The week-long program, which commenced on November 27, 2023 to December 2, 2023, aimed to equip faculty members with the latest knowledge and skills in the field of AI and robotics.

Practical Session on Optimization Techniques

The final day of the FDP began with a hands-on practical session led by Dr. Poonam Singhal, . During the session, Dr. Singhal introduced participants to various optimization techniques, including genetic algorithms, simulated annealing, and particle swarm optimization. Participants had the opportunity to apply these techniques to solve real-world problems.

Valedictory Ceremony

The valedictory ceremony was graced by the presence of Dr. Vinay, Chief Patron, PGIMS Rohtak; Dr. Purushottam, Department of Mental Health, PGIMS Rohtak; Dr. Gunjan Bhardwaj, Noble Heart Hospital, Rohtak; and Dr. Arun Nanda, Dean Research and Development, MDU Rohtak.

In his keynote address,

Dr. Purushottam highlighted the topic of depression, how to overcome from it , it's impact on students.

Dr. Arun Nanda commended the participants for their active engagement in the FDP. He expressed hope that the knowledge and skills gained during the program would be applied in their teaching and research endeavors.

The valedictory ceremony concluded with the distribution of mementos to chief guests and certificates to the participants. The FDP was a resounding success, providing faculty members with a comprehensive understanding of AI and robotics and preparing them to integrate these technologies into their teaching and research activities.
