

## **Urgent Notice**

The University is in process of preparing a Detailed Project Report for the financial assistance under the RUSA 2.0. In this regard, a meeting of the committee constituted by the Hon'ble Vice-Chancellor was held on November 02, 2019 to relook in to the DPR of the University and it was resolved in the meeting that an email be sent to the Heads/Directors to inform all faculty members of their respective departments to submit fresh research proposals in accordance of the Research proforma attached, if interested, on email of the Director, RUSA i.e. [dir.rusa@mdurohtak.ac.in](mailto:dir.rusa@mdurohtak.ac.in) latest by November 04, 2019 @ 04.00 pm focused on any of the following thematic areas:

- 1. Thematic Area 1- Exploring industrial and/or therapeutic potential of substances from natural and synthetic Sources.**
- 2. Thematic Area 2- Bio-resource management towards sustainable agriculture.**
- 3. Thematic Area 3- Equity Access, Healthiness and Employability through Quality Education and Smart Computing.**

Further, a hard copy of the same along with duly signed certificate that the proposal has been prepared in strict compliance of the following below mentioned points as provided by the MHRD, New Delhi for the selection process of research proposals, be submitted in the office of the Director, RUSA of the University latest by the above said time:

1. Demonstration of a real need or problem
2. Innovation/creativity/uniqueness reflected
3. The objectives are clear, appropriate, and measurable
4. The objectives have academic and technical merit
5. The research questions/project outputs/outcomes/results are clear, tangible, and do include measurable indicators
6. Methodology is explicitly explained and research framework is supported by literature
7. The project activities are expected to achieve the expected outputs, outcomes, and results
8. The target group/s in the project is/are well defined
9. Includes an estimated realistic budget
10. The project activities are reflected in the estimated budget
11. Alignment with institutional and national priorities at large
12. Relevance to problems at local and national level
13. Potential impact in addressing social needs
14. Adequate allocation of human and physical resources for the project.
15. Whether the project is sustainable, and the work plan is realistic and achievable
16. Whether monitoring mechanism for the project at the level of the team is clearly defined
17. Expected risks/limitations and tools for overcoming them are well defined
18. Any other parameter deemed essential by the experts

**Incomplete projects and those received after the stipulated date and time will not be entertained.** This is a time bound work and may be treated as most urgent, please.

**Director, RUSA**

**Thematic Area 1/2/3: As given in the Notice**

1. **Project Title**
2. **Name of PIs & Co-PIs(Full details for contact email ID, phone no. mobile and office)  
Designation Department, Full Address:**
3. **Introduction**
4. **National and International status**
5. **Novelty**
6. **Objectives**
7. **Deliverables and outcomes.**
8. **Methodology**
9. **Possible timeline/work plan**
10. **Target group**
11. **Budget**

S.No.	Budget Head	Estimated Expenditure (Rs. in lakhs)		
		1 <sup>st</sup> year	2 <sup>nd</sup> year	Total
1.	Manpower: JRF; No. (Rs. 31,000/- + 8% HRA for 2 years)			
2.	Consumables (Chemicals/ Glassware/ plasticware etc.)			
3.	Contingency			
4.	Travel/Field works/ Short term stays for Training purposes			
5.	Equipment: (i)			
6.				
	<b>Total</b>			

S.No.	Brief Title of the Project	Budget proposed- Rs. In lakhs		
		Soft components	Hard components	Total
1.				

12. **Multidisciplinary relevance**
13. **Justification of budget**
14. **Impact on society**
15. **Publications with impact factor, if any, of the PIs/CPIs related to the research in the format given below:**

# Certificate

It is certified that the research proposal has been prepared in the strict compliance of the following below mentioned points as provided by the MHRD, New Delhi for the selection process of research proposals:

1. Demonstration of a real need or problem
2. Innovation/creativity/uniqueness reflected
3. The objectives are clear, appropriate, and measurable
4. The objectives have academic and technical merit
5. The research questions/project outputs/outcomes/results are clear, tangible, and do include measurable indicators
6. Methodology is explicitly explained and research framework is supported by literature
7. The project activities are expected to achieve the expected outputs, outcomes, and results
8. The target group/s in the project is/are well defined
9. Includes an estimated realistic budget
10. The project activities are reflected in the estimated budget
11. Alignment with institutional and national priorities at large
12. Relevance to problems at local and national level
13. Potential impact in addressing social needs
14. Adequate allocation of human and physical resources for the project.
15. Whether the project is sustainable, and the work plan is realistic and achievable
16. Whether monitoring mechanism for the project at the level of the team is clearly defined
17. Expected risks/limitations and tools for overcoming them are well defined
18. Any other parameter deemed essential by the experts
